Subject: National Convention

Dr. Fowler--

I'm the new president of the Kansas Alpha chapter. I was wondering if you needed any help with the convention. I know we had planned to help at the airport when people were arriving. Our first meeting will probably be on September 9th, so if we could have some idea when and where you will need help that would be great. If that's not possible, I understand. I hope convention plans are running fairly smoothly for you. Thanks.
